Alt Promoted to Engineering Technician I

COLUMBUS, Neb. — Aric Alt has been promoted to Engineering Technician I at Loup Power District.

In his new role, Alt's primary duties include the design of transmission and distribution lines and substations. This includes buying right-of-way, surveying, designing, purchasing materials, and writing work orders.

Alt joined Loup in 2009 as a temporary part-time Drafting Technician. He was named full-time Drafting Technician II in 2011. In 2020, he was promoted to Engineering Technician II and stayed in that role until this promotion.

Alt is a graduate of Shelby Public High School and has an Associate of Applied Science degree in Drafting Technology from Central Community College in Columbus.

ABOUT LOUP POWER DISTRICT: For more than 80 years, Loup Power District has provided reliable, low-cost electricity to customers in Boone, Colfax, Nance and Platte Counties and part of Madison County. The District also provides economic development and five parks in these areas. More information about Loup is available at www.loup.com.
