# Snyder recognized for 30 years at Loup

**COLUMBUS, Neb.** — Scott Snyder of Genoa was recently recognized for 30 years of service to Loup Power District.

Snyder joined Loup in 1992 as a Maintenance Man at the Genoa Headworks. He was promoted to Dredge Operator in 1998 and was named Headworks Operator in 2018.

Snyder is a member of the team that operates and maintains the District's dredge at the Genoa Headworks. Dredging sand from the settling basin allows water to flow into the canal to the powerhouses at Monroe and Columbus for electricity generation.

Snyder is a native of Genoa and a graduate of Genoa High School. He and his late wife, Rose, are the parents of a daughter, Tanya, and a grandson, Easton.

**ABOUT LOUP POWER DISTRICT:** For more than 80 years, Loup Power District has provided reliable, low-cost electricity to customers in Boone, Colfax, Nance and Platte Counties and part of Madison County. The District also provides economic development and five parks in these areas. More information about Loup is available at [www.loup.com](http://www.loup.com).
