

# Agenda

Project: Loup River Hydroelectric Project FERC Project No. 1256	
Subject: Second Initial Study Results Meeting	
Meeting Date: February 23-24, 2011 Conference Call: 866-994-6437 Conference Code: 4023994909	Meeting Location: New World Inn 265 33 <sup>rd</sup> Ave Columbus, NE

## Meeting Goals:

- To present the results of completed studies identified in the Revised Study Plan and Study Plan Determination
- To provide a progress update on studies that are on-going
- To discuss study results and identify possible study modifications

## Wednesday, February 23, 2011

- |                 |  |
|-----------------|--|
| <b>9:30 AM</b>  | <b>Welcome and Introductions</b>   |
| <b>9:45 AM</b>  | <b>Integrated Licensing Process Overview</b>   |
| <b>10:00 AM</b> | <b>Presentation of Study Results</b> <ul style="list-style-type: none"><li>• Study 4.0 Water Temp in the Loup River Bypass Reach</li><li>• Study 8.0 Recreation Use &amp; Creel Survey</li></ul>   |
| <b>Noon</b>     | <b>Lunch (provided)</b>  |
| <b>1:00 PM</b>  | <b>Studies 1.0, 2.0 &amp; 5.0 Goals and Methodology Discussion</b>   |
| <b>3:00 PM</b>  | <b>Presentation of Study Results (continued)</b> <ul style="list-style-type: none"><li>• Study 1.0 Sedimentation (ungaged sites)</li><li>• Study 12.0 Ice Jam Flooding on the Loup River</li></ul> |
| <b>5:00 PM</b>  | <b>Adjourn for the day</b>   |

**Thursday, February 24, 2011**

- 8:00 AM**            **Presentation of Study Results (continued)**
- Study 2.0 Hydrocycling
  - Study 5.0 Flow Depletion and Flow Diversion
- 11:30 AM**            **Next Steps In Process**
- Second Initial Study Results Meeting Summary
  - Study Modifications
  - Updated Study Report – August 26, 2011
- 12:00 PM**            **Adjourn**
