STUDY 8.0 INTERIM RECREATION USE TELEPHONE SURVEY RESULTS

1. INTRODUCTION

The Loup River Hydroelectric Project (Project) is located in Nance and Platte counties, Nebraska, where water is diverted from the Loup River and routed through the 35-mile-long Loup Power Canal, which empties into the Platte River near Columbus. The Project includes various hydraulic structures, two powerhouses, and two regulating reservoirs. The portion of the Loup River from the Diversion Weir to the confluence with the Platte River is referred to as the Loup River bypass reach.

The Loup River Public Power District (Loup Power District or the District) has an established policy of providing public access and recreational opportunities at the Project. This includes the Loup Power Canal, the two regulating reservoirs (Lake Babcock and Lake North), five developed recreation areas, three multi-use trails, and the 485-acre Loup Lands Wildlife Management Area (WMA). The only areas within the 5,200-acre Project Boundary that are not accessible to the public are those that present safety or security concerns and those that have had significant vandalism issues.

The District estimates that the Project attracts 150,000 visitors annually. District recreation facilities are open to the public between May 1 and October 31 and at other times, weather permitting. The District conducted a recreation use study to gather data regarding existing recreation use of Project facilities. As part of the recreation use study, the District performed a Recreation Use Telephone Survey (telephone survey). This interim report documents the findings of the telephone survey.

2. GOALS AND OBJECTIVES OF STUDY

The goal of the recreation use study is to determine the public awareness, usage, perception, and demand of both the Project's existing recreation facilities (including fisheries) and the Loup River bypass reach (including the Loup Lands WMA), to determine if potential improvements are needed, and to develop a Recreation Management Plan to address existing and future recreation needs.

The following objectives of the recreation use study are relevant to the telephone survey:

1. To determine the public's perception and awareness of Project recreation facilities.
2. To collect data for use in the preparation of a Recreation Management Plan for the District's facilities.

3. STUDY AREA

The Project's recreation facilities primarily serve residents of Nance and Platte counties; therefore, the study area for the telephone survey is these two counties.

4. METHODOLOGY

Task 1 Data Collection

Consistent with the Revised Study Plan (Loup Power District, July 27, 2009), the District contracted a professional market research firm, The MSR Group, to conduct a telephone survey of residents in Nance and Platte counties. The telephone survey was conducted by professional research interviewers from the Omaha call center of The MSR Group between May 26 and June 9, 2010. The survey sampled 400 randomly listed households with zip codes in Nance and Platte counties in order to determine the general awareness and perception of the Project's recreational opportunities.

Notable methods and key understandings associated with the telephone survey are as follows:

- The District's telephone survey instrument incorporated study clarifications noted in FERC's Study Plan Determination (FERC, August 26, 2009).
- The MSR Group conducted a 12-minute telephone survey with adults (age 18 and older) in Nance and Platte counties using the survey instrument provided by the District (see Attachment A).
- To help eliminate any non-response bias, each telephone number from the sample list was called a minimum of 5 times before declaring that the number was unreachable.
- For a sample of 400 respondents, the maximum sampling error¹ is ± 4.9 percent at the 95 percent confidence level. In other words, if the same survey were conducted 100 times, 95 of those times the results would be no more than 4.9 percentage points higher or lower than the results if the entire population were interviewed. This estimate of sampling error assumes through random selection that all members of the survey area have a known, equal chance of being included in the study's sample.

¹ Sampling error attempts to define how large a difference there is likely to be between the results obtained from the survey sample and what the results would be if the entire population were to be interviewed.

Task 2 Data Analysis

The responses to the telephone survey were tabulated by The MSR Group and provided to the District in three forms:

- An executive report that summarizes the telephone survey results in graphical form (see Attachment B).
- A listing of verbatim responses to questions that allowed for a free-form response (questions 3A, 3B, 3C, 4AA, 4AB, 4C, and 6A) (see Attachment C).
- Cross-tabulations of survey responses by county, age group, and gender (see Attachment D).

5. RESULTS AND DISCUSSION

Notable findings of the telephone survey are summarized below. More detailed findings, including cross-tabulations, are provided in Attachments B, C, and D.

Demographic Summary

Tables 5-1, 5-2, and 5-3 summarize the demographic makeup of survey respondents by county, age group, and gender.

Table 5-1. Survey Respondents by County

County	Percentage of Respondents
Nance	11.8
Platte	88.3

Notes:

- ¹ 2009 Nance County population = 3,460 persons (U.S. Census Bureau, August 16, 2010a).
- ² 2009 Platte County population = 32,515 persons (U.S. Census Bureau, August 16, 2010b).

Table 5-2. Survey Respondents by Age Group

Age	Percentage of Respondents
18 to 24	2.0
25 to 34	10.0
35 to 44	22.8
45 to 54	24.5
55 to 64	16.5
65 or older	24.3

Table 5-3. Survey Respondents by Gender

Gender	Percentage of Respondents
Male	37.5
Female	62.5

Awareness of Loup Power District Recreation Facilities

The telephone survey indicates an overall awareness among respondents that the District provides recreational opportunities. Specifically, less than 1 percent of all respondents were NOT aware of any District recreation facilities. Awareness of specific District recreation facilities varied among respondents. The recreation facilities with the greatest and least respondent awareness are highlighted as follows:

- Lake North Park and Lake Babcock Park have the highest awareness, both with more than nine out of ten respondents aware of each.
- The District’s three trail facilities had the lowest awareness, with less than five out of ten respondents aware of each.

Usage of Loup Power District Recreation Facilities

Of the respondents who mentioned that they are aware of the following recreation sites, the percentage who say that someone from their household visited the site within the last 12 months is indicated below (provided in descending order of visitation):

- Lake Babcock Park – 57%
- Lake North Park – 55%
- Headworks Park – 36%
- Bob Lake Trail – 32%
- Columbus Powerhouse Park – 29%
- Two Lake Trail – 27%
- Robert White Trail – 25%
- Tailrace Park – 22%
- Headworks OHV Park – 20%

Respondents most frequently mentioned location as the reason why they use District recreation sites. Conversely, respondents who have not visited District recreation sites in the last year most frequently indicate the reason as “too busy” or “not

interested in recreation.” Table 5-4 summarizes the months of highest and lowest use for each of the District’s nine recreation sites.

Table 5-4. Months of Highest and Lowest Recreation Use by Site

Site	Month of Highest Use	Month of Lowest Use
Headworks Park	July	December
Headworks OHV Park	July	February
Lake Babcock Park	July	January
Lake North Park	July	February
Columbus Powerhouse Park	July	December
Tailrace Park	July	November/December
Two Lakes Trail	July	February
Bob Lake Trail	July	January/December
Robert White Trail	July	February/December

As indicated in Table 5-4, there is a significant lack of use of the District’s recreation sites during the winter months. The following data suggest that the existing survey schedule for Study 8.0, Recreation Use, noted in the Revised Study Plan (Loup Power District, July 27, 2009) as ending on October 31, 2010, is sufficient to obtain necessary recreation user data for incorporation into the District’s pending Recreation Management Plan.

Of the respondents who mentioned that they are aware of the following recreation sites, the percentage of respondents stating that no one from their household visited the specified recreation site between November 1, 2009, and February 28, 2010, is indicated by the percentage ranges below (provided in descending order of non-visitation):

- Lake North Park – 94.8 to 96.7 percent
- Headworks OHV Park – 92.9 to 97.6 percent
- Lake Babcock Park – 92.8 to 96.2 percent
- Tailrace Park – 91.4 to 94.3 percent
- Columbus Powerhouse Park – 90.0 to 96.0 percent
- Headworks Park – 89.9 to 96.6 percent
- Trails – 88.0 to 100.0 percent

To put the above information into context, an average of greater than 50 percent of the respondents who are aware of the District’s recreation areas indicate that they visited the areas during July.

Ratings of Loup Power District Recreation Facilities

The telephone survey asked respondents to rate the District’s recreation facilities. Among the recreation facilities inquired upon, trails were the highest rated facility, with almost 7 out of 10 respondents rating them as “Excellent” or “Above Average.” Table 5-5 summarizes the percentage of respondents rating the District’s recreational facilities as Excellent/Above Average, Average, or Below Average/Poor.

Table 5-5. Ratings of District Recreation Facilities

Facility	Rating (percent ¹)		
	Excellent/ Above Average	Average	Below Average/ Poor
Trails	67.6	16.5	0.4
Campgrounds	33.1	40.5	3.2
Parking Lot	32.8	58.5	2.5
Picnic Area	33.5	51.8	3.2
Off-Highway Vehicle Park	29.6	40.5	1.1
Shoreline Fishing Area	26.5	36.3	5.6
Children’s Playground	22.8	40.8	12.0
Restroom Facilities	17.6	50.7	14.5
Swimming Beach	14.8	33.2	19.8
Boat Ramps	14.8	26.8	3.5

Note:

¹ Percentages do not total 100 due to “Not Applicable” ratings.

Importance of Recreational Opportunities

The telephone survey also asked respondents to rate the importance of the recreational opportunities provided by the District. The results were as follows:

- When respondents who are aware of District sites were asked to rate the importance of recreational opportunities, relaxing/hanging out and trails were rated as most important; conversely, jet skiing and water skiing were rated as least important.
- When respondents who are NOT aware of District sites were asked to rate the importance of recreational opportunities, children’s playground and

relaxing/hanging out were rated as most important; conversely, jet skiing and motorized boating were rated as least important.

6. STUDY VARIANCE

This study has been performed consistent with the methods outlined in the District’s Revised Study Plan (Loup Power District, July 27, 2009) and as modified via FERC’s Study Plan Determination (FERC, August 26, 2009). No discernable study variance occurred.

ATTACHMENT A

RECREATION USE TELEPHONE SURVEY INSTRUMENT

Telephone Recreation Use Survey

Loup Power District is applying to the Federal Energy Regulatory Commission to relicense its hydroelectric project near Genoa and Columbus, Nebraska, and is conducting a recreation use survey to determine use of Loup Power District’s facilities. The survey will take approximately 5 minutes.

1. Are you aware of any of the following recreation sites provided by Loup Power District?

YES NO

- Headworks Park
- Headworks OHV Park
- Lake Babcock Park (sometimes called Loup Park)
- Lake North Park
- Columbus Powerhouse Park
- Tailrace Park
- Two Lakes Trail
- Bob Lake Trail
- Robert White Trail

If any response is YES, continue with question 2A.

If all responses are NO, continue with question 2C.

IF YES:

2A. Have you or any members of your household visited one or more of the Loup Power District sites during the previous 12 months? The sites are:

[Mark YES answers]

- | | | |
|--|-----------------|------------------|
| <input type="checkbox"/> Headworks Park | How many times? | In which months? |
| <input type="checkbox"/> Headworks OHV Park | How many times? | In which months? |
| <input type="checkbox"/> Lake Babcock Park
(sometimes called Loup Park) | How many times? | In which months? |
| <input type="checkbox"/> Lake North Park | How many times? | In which months? |
| <input type="checkbox"/> Columbus Powerhouse Park | How many times? | In which months? |
| <input type="checkbox"/> Tailrace Park | How many times? | In which months? |
| <input type="checkbox"/> Two Lakes Trail | How many times? | In which months? |
| <input type="checkbox"/> Bob Lake Trail | How many times? | In which months? |
| <input type="checkbox"/> Robert White Trail | How many times? | In which months? |

If any response is YES, continue with question 3A.

If all responses are NO, continue with question 3B.

IF YES:

3A. Why do you choose to use Loup Power District recreation sites? Choose all that apply.

- Location – close to home
- Provide the facilities we need
- Don't know where other facilities are located
- Facilities are safe
- Facilities are well maintained
- Facilities are free
- Other _____

4A. I am going to list Loup Power District's recreation facilities, and I'd like you to give a general rating of excellent, good, average, below average, poor, or not applicable.

	Excellent	Above Average	Average	Below Average	Poor	Not Applicable
Campgrounds	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Trails	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Shoreline Fishing Area	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Swimming Beach	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Boat Ramps	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Picnic Area	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Children's Playground	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Off-Highway Vehicle Park	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Restroom Facilities	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Parking Lot	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

If you indicated any facility as "Poor," please explain.

Is there any specific location you would like to comment on?

5A. I'm going to list outdoor recreational opportunities. I'd like you to rate how important they are to you as very important, important, neutral, unimportant, or very unimportant.

	Very Important	Important	Neutral	Unimportant	Very Unimportant
Camping	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Hiking	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Biking	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Walking/Running	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Trails	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Hunting	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Fishing	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Swimming	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Motorized Boating	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Jet Skiing	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Water Skiing	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Non-Motorized Boating	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Wildlife/Scenic Viewing	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Picnicking	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Relaxing/Hanging Out	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Children's Playground	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Off-Highway Vehicles	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

6A. Please identify any other activities or facilities that are currently not available that you would be interested in using and feel would enhance your recreation experience at Loup Power District sites.

Demographic Information

- Gender
- Age
- Zip Code

<END>

IF NO:

3B. Why have you or members of your household not used Loup Power District recreation sites in the last year? Choose all that apply.

- Location – too far from home
- Do not provide the facilities we need
- Do not provide barrier-free access to facilities
- Too busy/not interested in recreation
- Don't know where the facilities are located
- Facilities do not have the right equipment
- Facilities are not safe
- Facilities are not well maintained
- Other (please explain _____)

4B. I'm going to list recreational opportunities for you, and I'd like you to rate how important they are to you as very important, important, neutral, unimportant, or very unimportant.

RECREATION USE TELEPHONE SURVEY EXECUTIVE REPORT

Recreation Use Survey

Executive Report

June 2010

Methodology

The MSR Group conducted a twelve-minute telephone survey with adults (age 18 and older) in Nance County and Platte County Nebraska between May 26 and June 9, 2010.

Sample design for this study was comprised of a random probability sample of 400 listed households with zip codes in Nance and Platte Counties. All surveys were conducted by professional research interviewers from the Omaha call center of The MSR Group. To help eliminate any non-response bias, each number from the sample list was contacted a minimum of five times before declaring that the number was unreachable.

With all research projects, the question is how large a difference is there likely to be between the results obtained from the survey sample and what the results would be if the entire population was to be interviewed. This difference is defined as the “sampling error” and can be estimated using accepted standard statistical techniques. This estimate of sampling error assumes through random selection that all members of the survey area have a known, equal chance of being included in the study’s sample.

For a sample of 400 respondents, the maximum sampling error is ± 4.9 percent at the 95 percent confidence level. In other words, if the same survey was conducted 100 times, 95 of those times the results would be no more than 4.9 percentage points higher or lower than the results if we interviewed the entire population.

The following pages highlight key findings of this study. The information provided is a result of primary research only and its contents are proprietary for the sole use of Loup Power District or their designates. Any questions regarding the contents can be directed to The MSR Group only after receiving the expressed consent of authorized personnel.

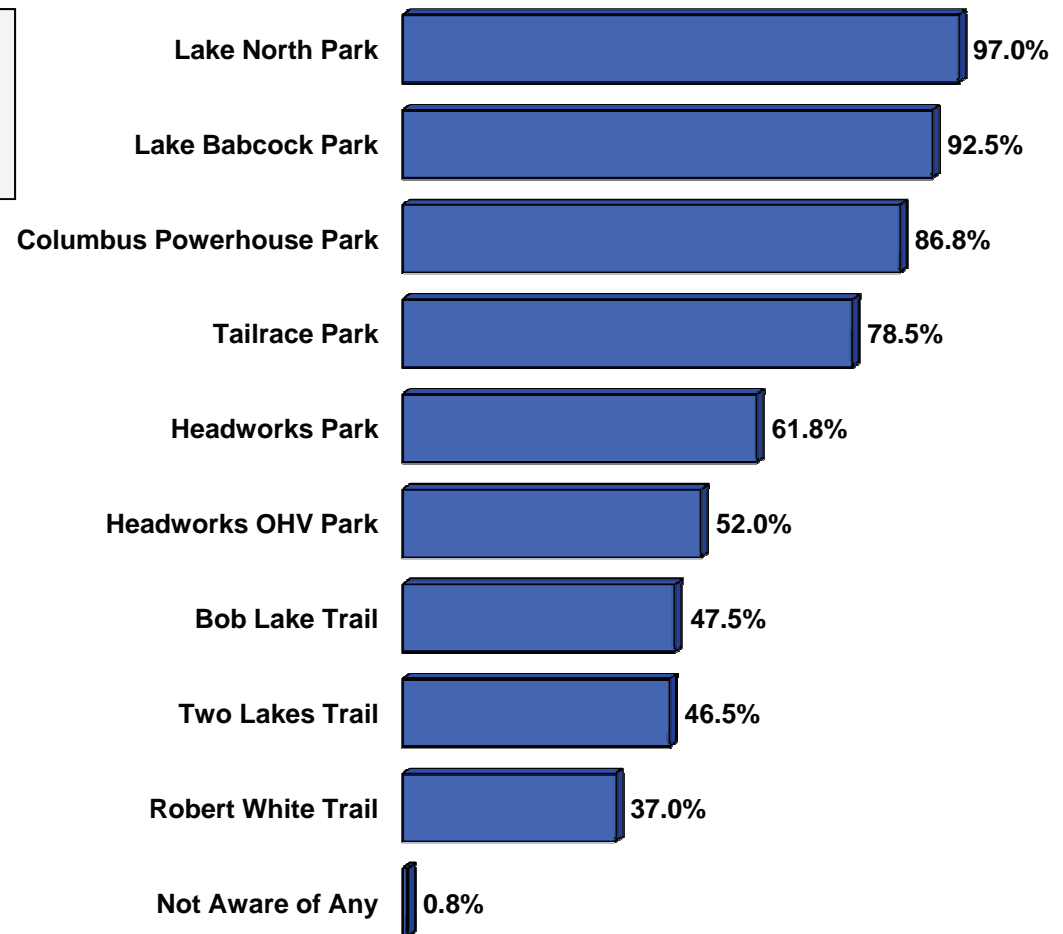

Detailed Findings

Awareness of Recreation Sites

Q1. Are you aware of the following recreation sites provided by Loup Power District? [% Yes]

n=400

Among Loup Power District Recreation Sites, Lake North Park and Lake Babcock Park have the highest awareness, both with more than nine out of ten respondents aware of each.

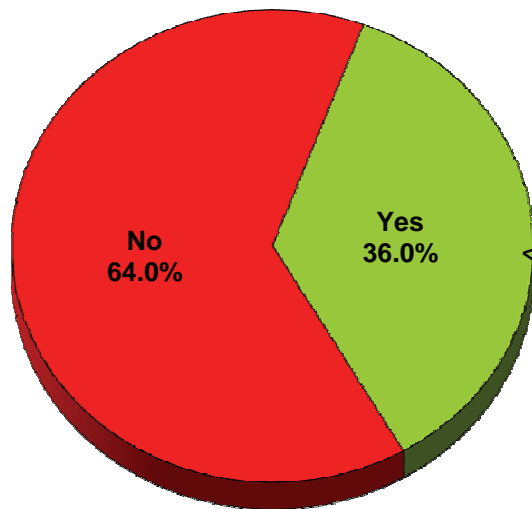

Detailed Findings

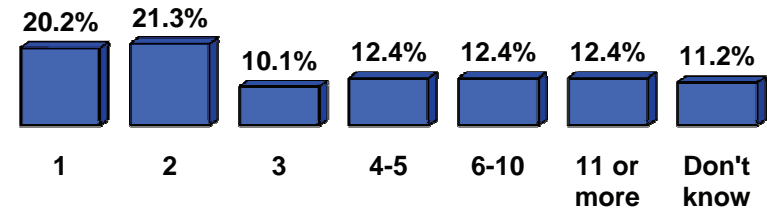

Site Usage: Headworks Park

Q2A1. Have you or any members of your household visited Headworks Park during the previous 12 months?
(n=247)

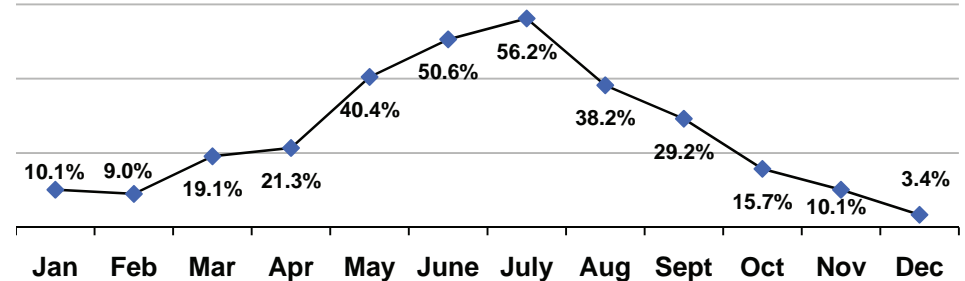

Of the respondents who mentioned they are aware of Headworks Park, 36% say someone from their household has visited the site within the last 12 months.

Q2A1A. How many times has someone from your household visited Headworks Park during the previous 12 months?
(n=89)

Q2A1B. In which months did someone from your household visit Headworks Park during the previous 12 months?
(n=89)

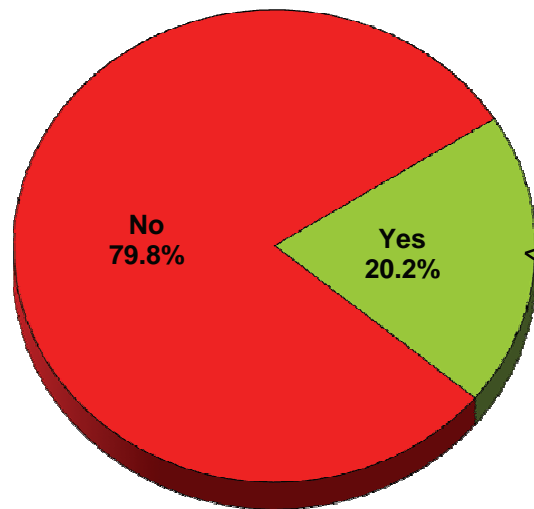

Detailed Findings

Site Usage: Headworks OHV Park

Q2A2. Have you or any members of your household visited Headworks OHV Park during the previous 12 months?

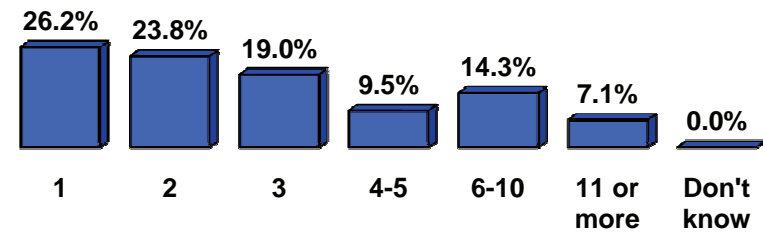

(n=208)

Of the respondents who mentioned they are aware of Headworks OHV Park, 20% say someone from their household has visited the site within the last 12 months.

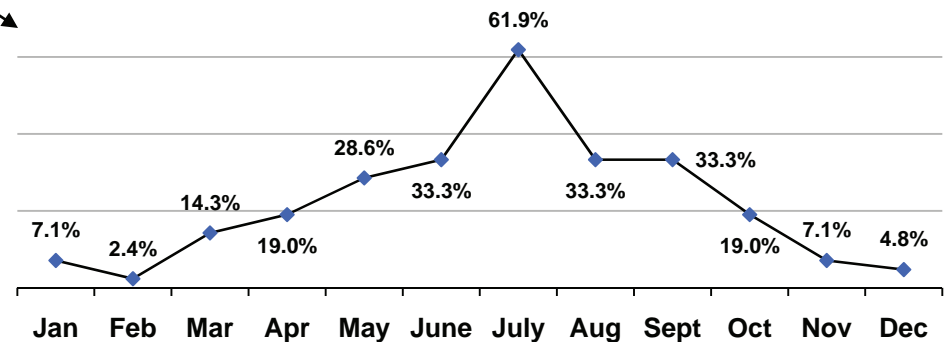

Q2A2A. How many times has someone from your household visited Headworks OHV Park during the previous 12 months?

(n=42)

Q2A2B. In which months did someone from your household visit Headworks OHV Park during the previous 12 months?

(n=42)

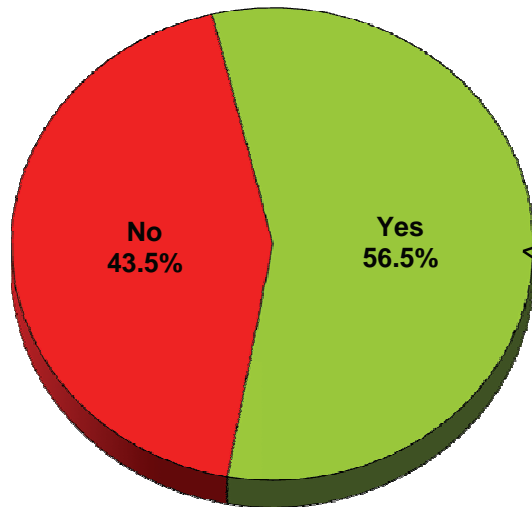

Detailed Findings

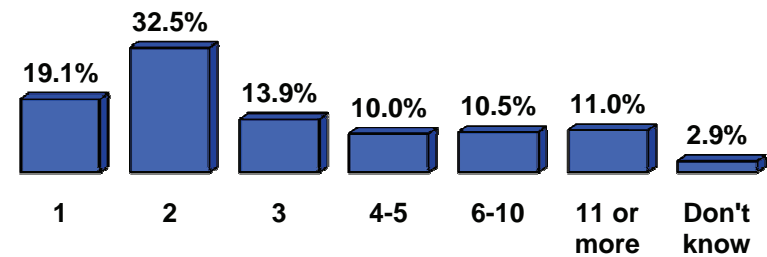

Site Usage: Lake Babcock Park

Q2A3. Have you or any members of your household visited Lake Babcock Park during the previous 12 months?
(n=370)

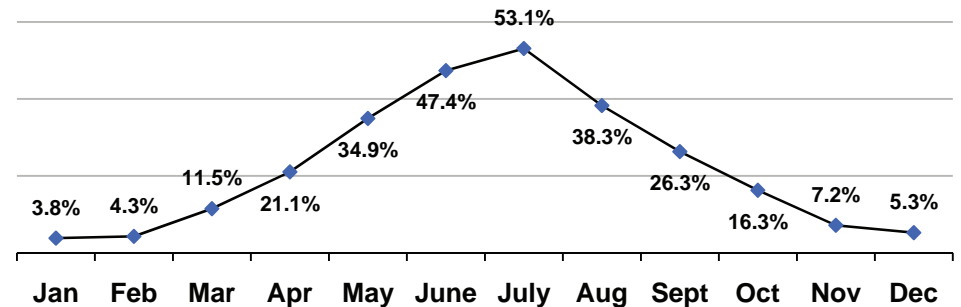

Of the respondents who mentioned they are aware of Lake Babcock Park, 57% say someone from their household has visited the site within the last 12 months.

Q2A3A. How many times has someone from your household visited Lake Babcock Park during the previous 12 months?
(n=209)

Q2A1B. In which months did someone from your household visit Lake Babcock Park during the previous 12 months?
(n=209)

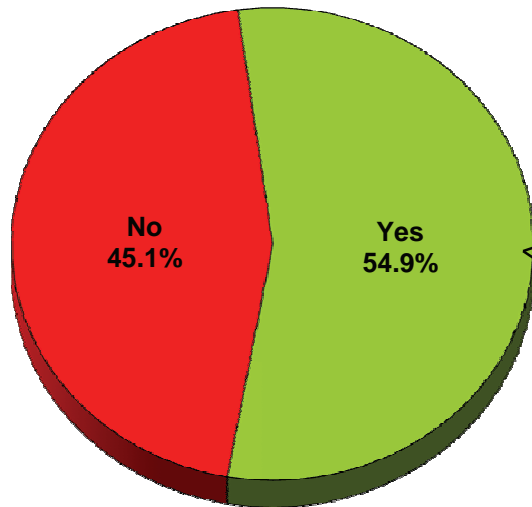

Detailed Findings

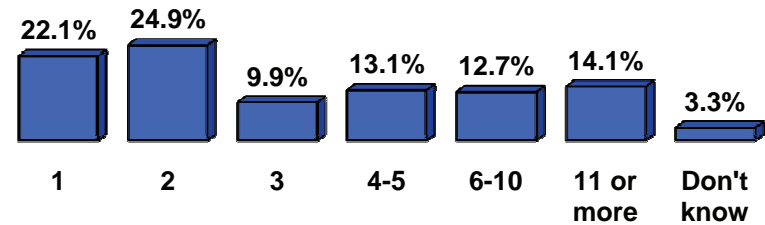

Site Usage: Lake North Park

Q2A4. Have you or any members of your household visited Lake North Park during the previous 12 months?
(n=388)

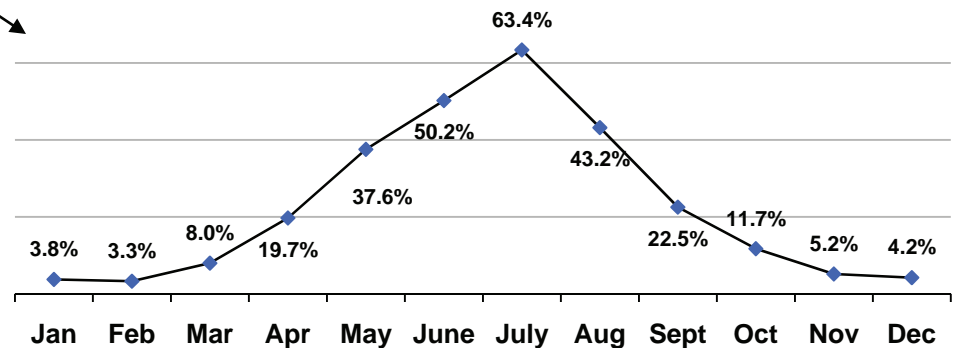

Of the respondents who mentioned they are aware of Lake North Park, 55% say someone from their household has visited the site within the last 12 months.

Q2A4A. How many times has someone from your household visited Lake North Park during the previous 12 months?
(n=213)

Q2A4B. In which months did someone from your household visit Lake North Park during the previous 12 months?
(n=213)

Detailed Findings

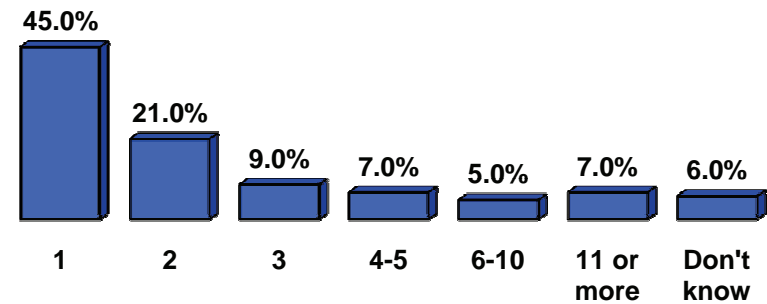

Site Usage: Columbus Powerhouse Park

Q2A5. Have you or any members of your household visited Columbus Powerhouse Park during the previous 12 months?
(n=347)

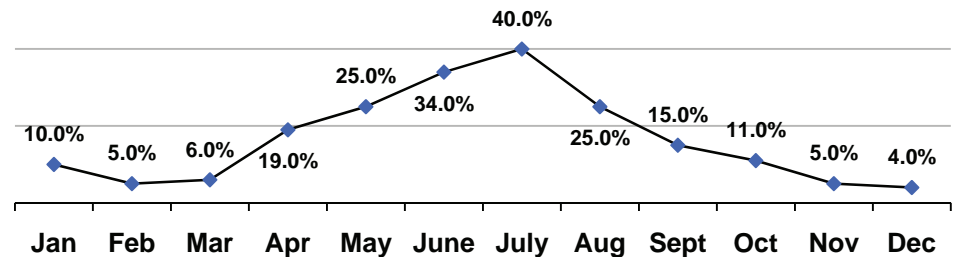

Of the respondents who mentioned they are aware of Columbus Powerhouse Park, 29% say someone from their household has visited the site within the last 12 months.

Q2A5A. How many times has someone from your household visited Columbus Powerhouse Park during the previous 12 months?
(n=100)

Q2A5B. In which months did someone from your household visit Columbus Powerhouse Park during the previous 12 months? (n=100)

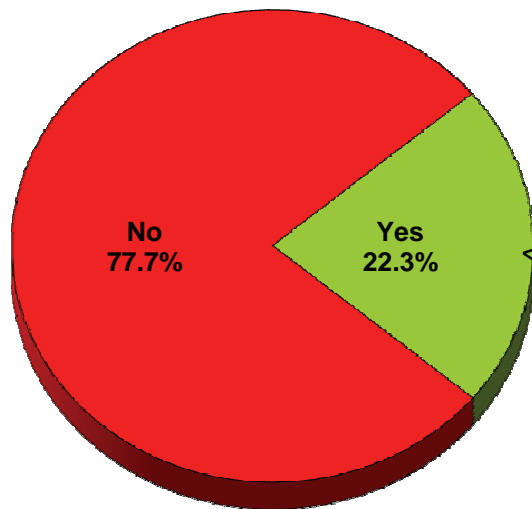

Detailed Findings

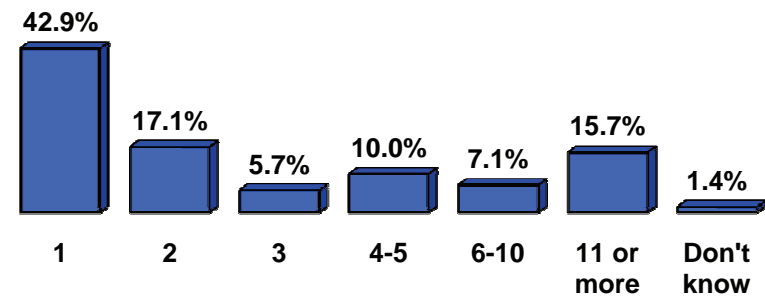

Site Usage: Tailrace Park

Q2A6. Have you or any members of your household visited Tailrace Park during the previous 12 months?
(n=314)

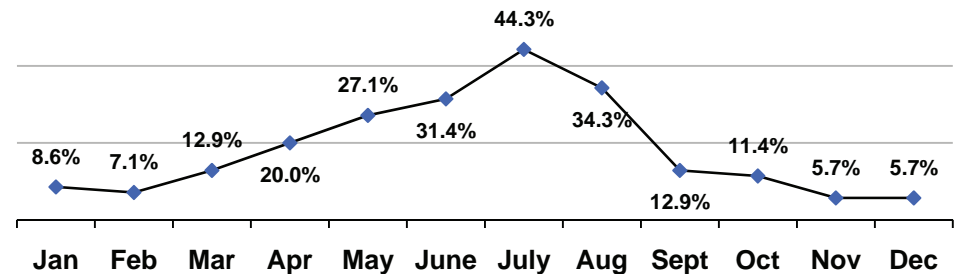

Of the respondents who mentioned they are aware of Tailrace Park, 22% say someone from their household has visited the site within the last 12 months.

Q2A6A. How many times has someone from your household visited Tailrace Park during the previous 12 months?
(n=70)

Q2A6B. In which months did someone from your household visit Tailrace Park during the previous 12 months?
(n=70)

Detailed Findings

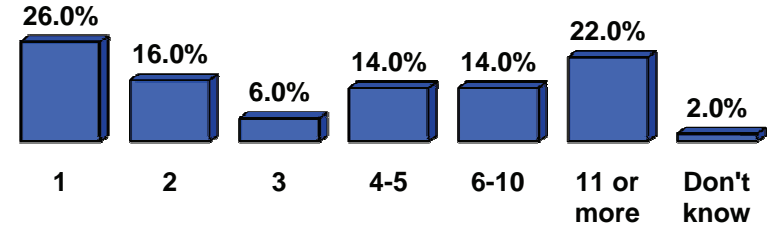

Site Usage: Two Lakes Trail

Q2A7. Have you or any members of your household visited Two Lakes Trail during the previous 12 months?
(n=186)

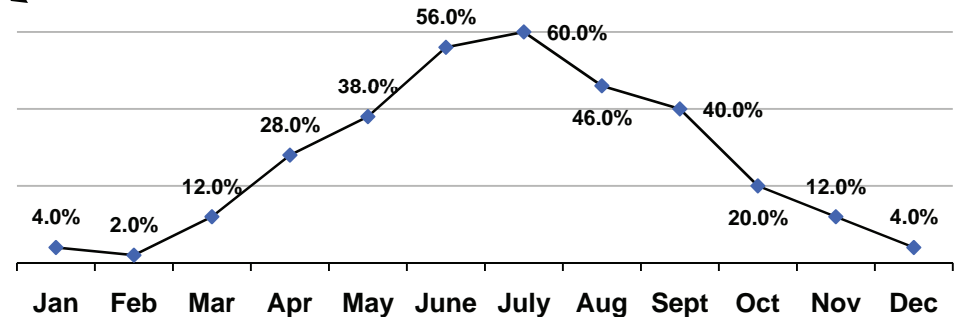

Of the respondents who mentioned they are aware of Two Lakes Trail, 27% say someone from their household has visited the site within the last 12 months.

Q2A7A. How many times has someone from your household visited Two Lakes Trail during the previous 12 months?
(n=50)

Q2A7B. In which months did someone from your household visit Two Lakes Trail during the previous 12 months?
(n=50)

Detailed Findings

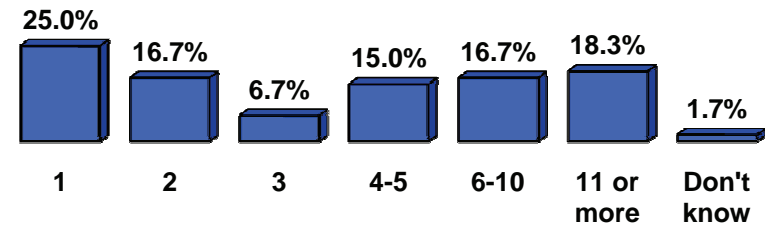

Site Usage: Bob Lake Trail

Q2A8. Have you or any members of your household visited Bob Lake Trail during the previous 12 months?
(n=190)

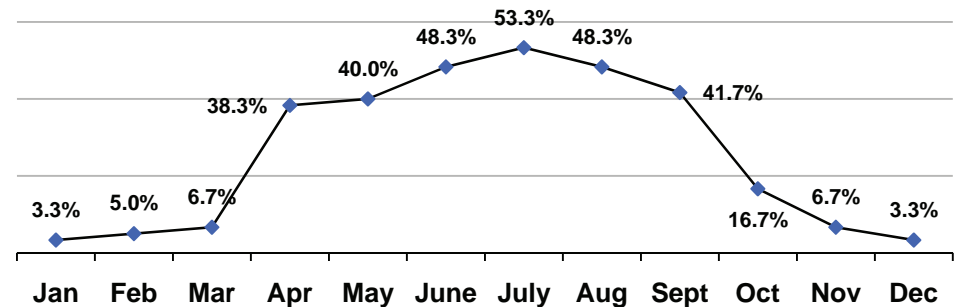

Of the respondents who mentioned they are aware of Bob Lake Trail, 32% say someone from their household has visited the site within the last 12 months.

Q2A8A. How many times has someone from your household visited Bob Lake Trail during the previous 12 months?
(n=60)

Q2A8B. In which months did someone from your household visit Bob Lake Trail during the previous 12 months?
(n=60)

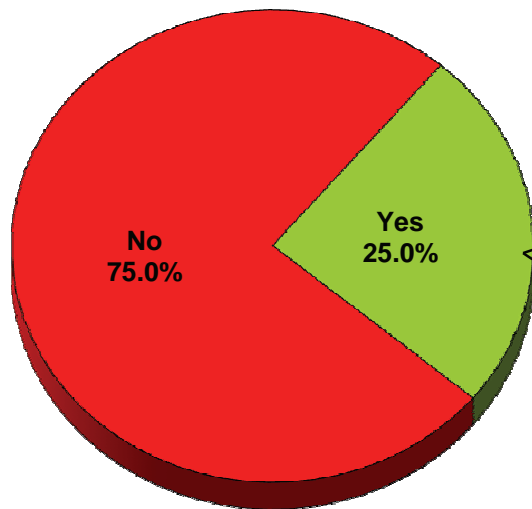

Detailed Findings

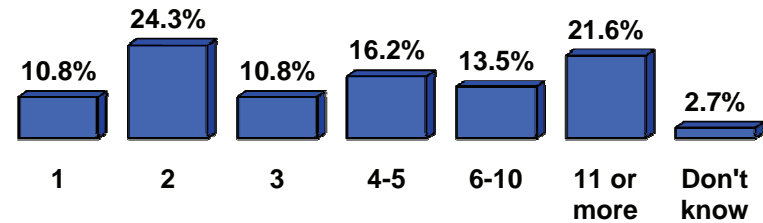

Site Usage: Robert White Trail

Q2A9. Have you or any members of your household visited Robert White Trail during the previous 12 months?
(n=148)

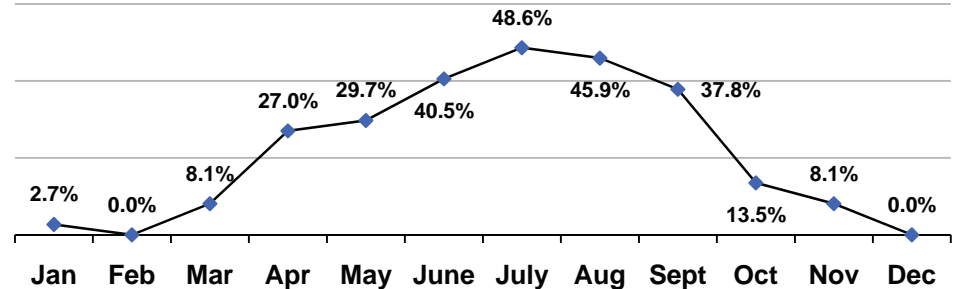

Of the respondents who mentioned they are aware of Robert White Trail, 25% say someone from their household has visited the site within the last 12 months.

Q2A9A. How many times has someone from your household visited Robert White Trail during the previous 12 months?
(n=37)

Q2A9B. In which months did someone from your household visit Robert White Trail during the previous 12 months?
(n=37)

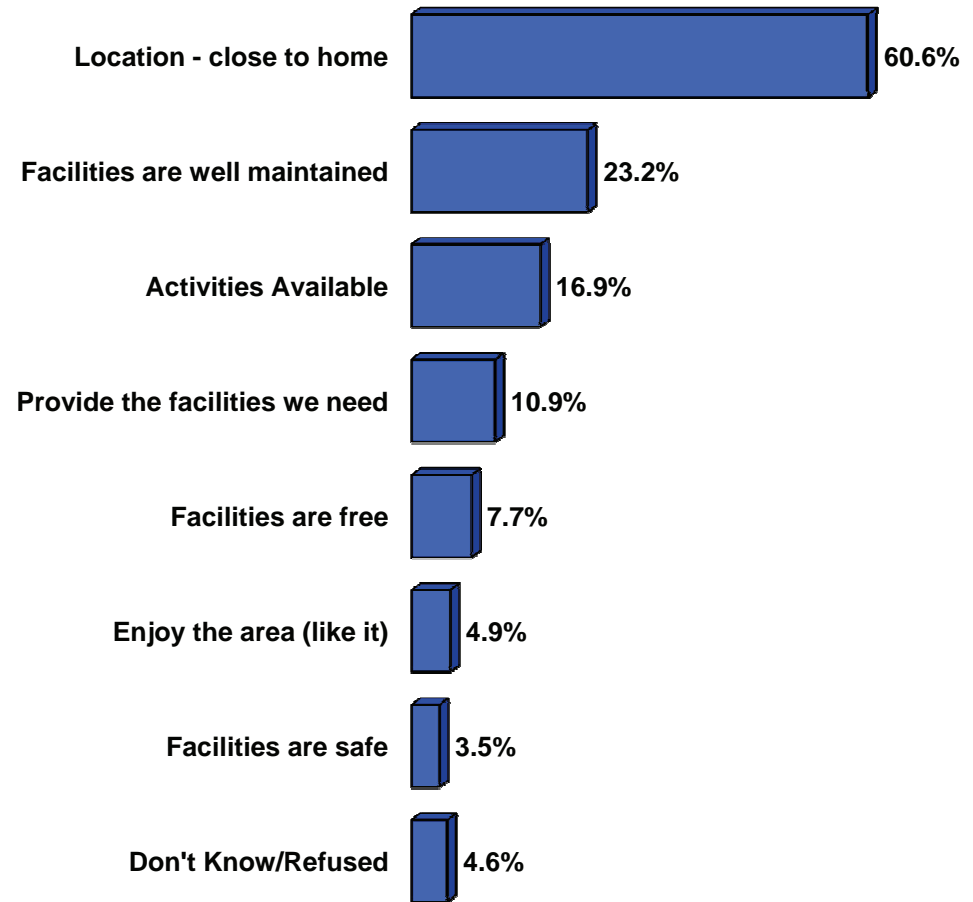

Detailed Findings

Reasons for Recreation Site Use

Q3A. Why do you choose to use Loup Power District recreation sites? [Total Mentions]
(n=284)

On an unaided basis, respondents mention location most as the reason why they choose to use Loup Power District recreation sites.

* Responses with less than 2% of mentions can be found in the Frequency & Cross-tabulation Report for full listing of responses.

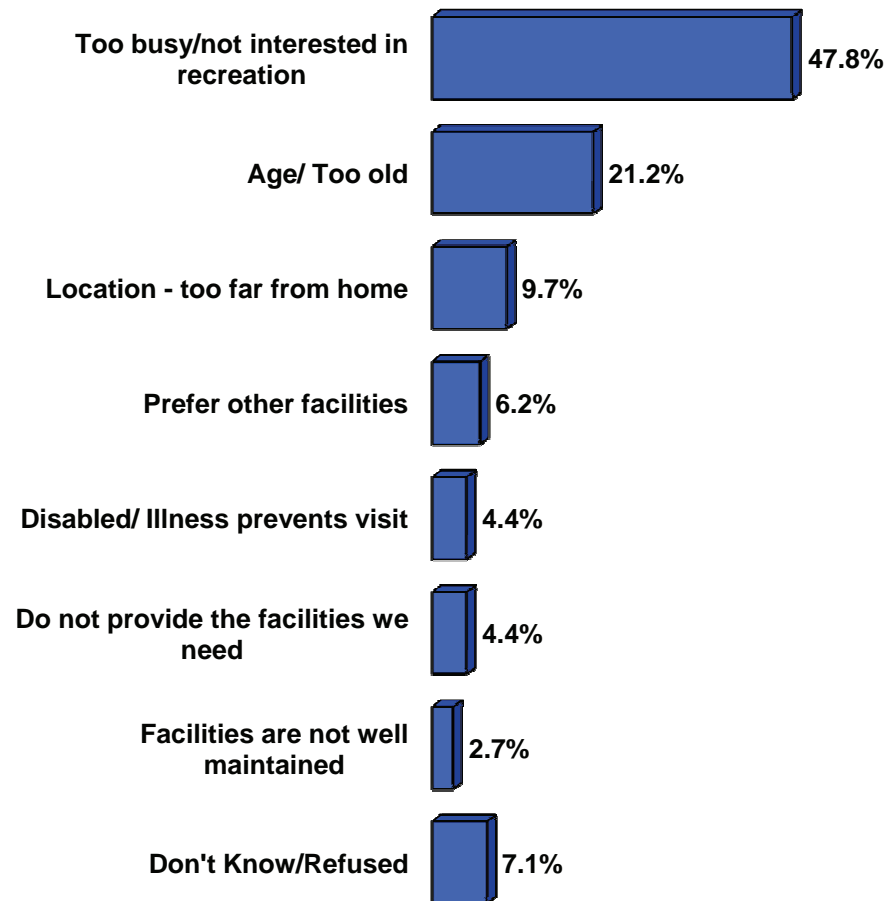

Detailed Findings

Reason for Not Using Sites

Q3B. Why have you or members of your household not used Loup Power District recreation sites in the last year?
[Total Mentions]
(n=113)

When respondents who have not visited Loup Power District recreation sites in the last year are asked why they haven't, the response received most is that they are "too busy" or "not interested in recreation."

* Responses with less than 2% of mentions can be found in the Frequency & Cross-tabulation Report for full listing of responses.

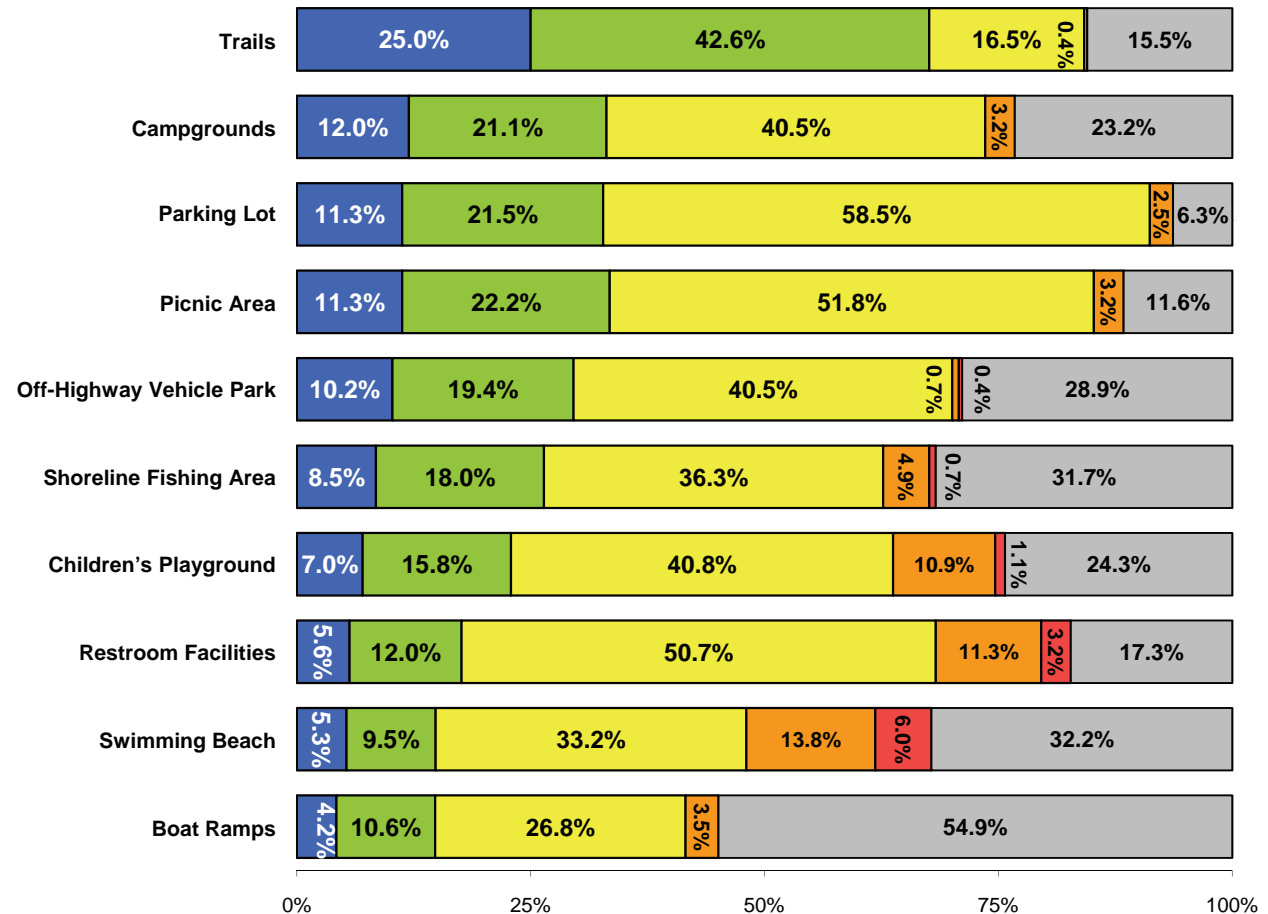

Detailed Findings

Ratings of Recreation Facilities

Q4A. Rate Loup Power District's recreation facilities on: [Results shown in descending order of % mention Excellent] (n=284)

- Excellent
- Above Average
- Average
- Below Average
- Poor
- Not Applicable

Among Loup Power District facilities tested, trails are the highest rated with almost 7 out of 10 respondents rating them as “Above Average” or “Excellent.”

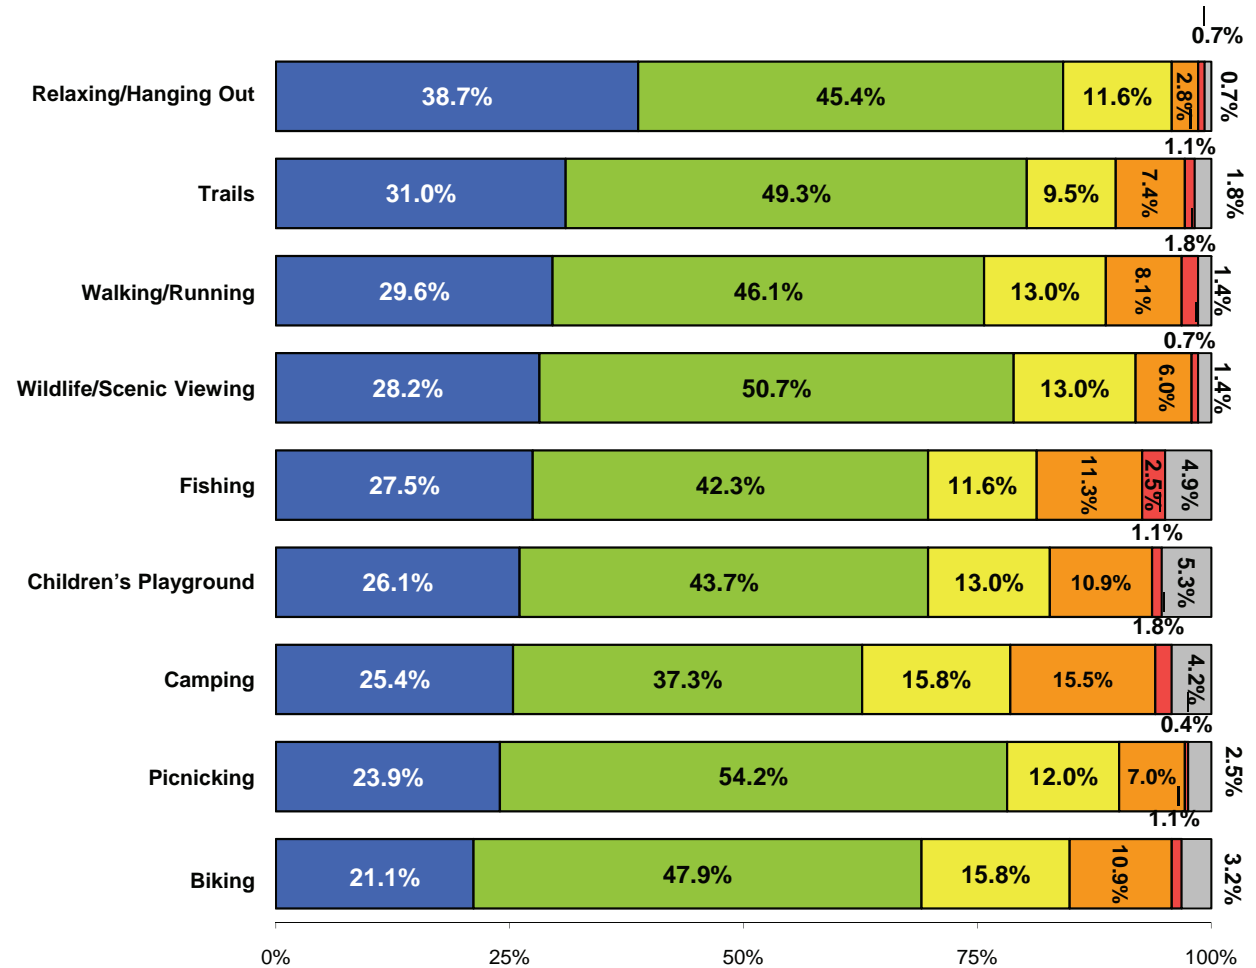

Detailed Findings

Importance of Recreational Opportunities: Top Half (Aware)

Q5A. Rate the following outdoor recreational opportunity on how important it is to you: [Results shown in descending order of % mentioning Very Important] (n=284)

- Very Important
- Important
- Neutral
- Unimportant
- Very Unimportant
- Not Applicable

When respondents who are aware of Loup Power District sites are asked to rate the importance of recreational opportunities, relaxing/hanging out is rated as most important.

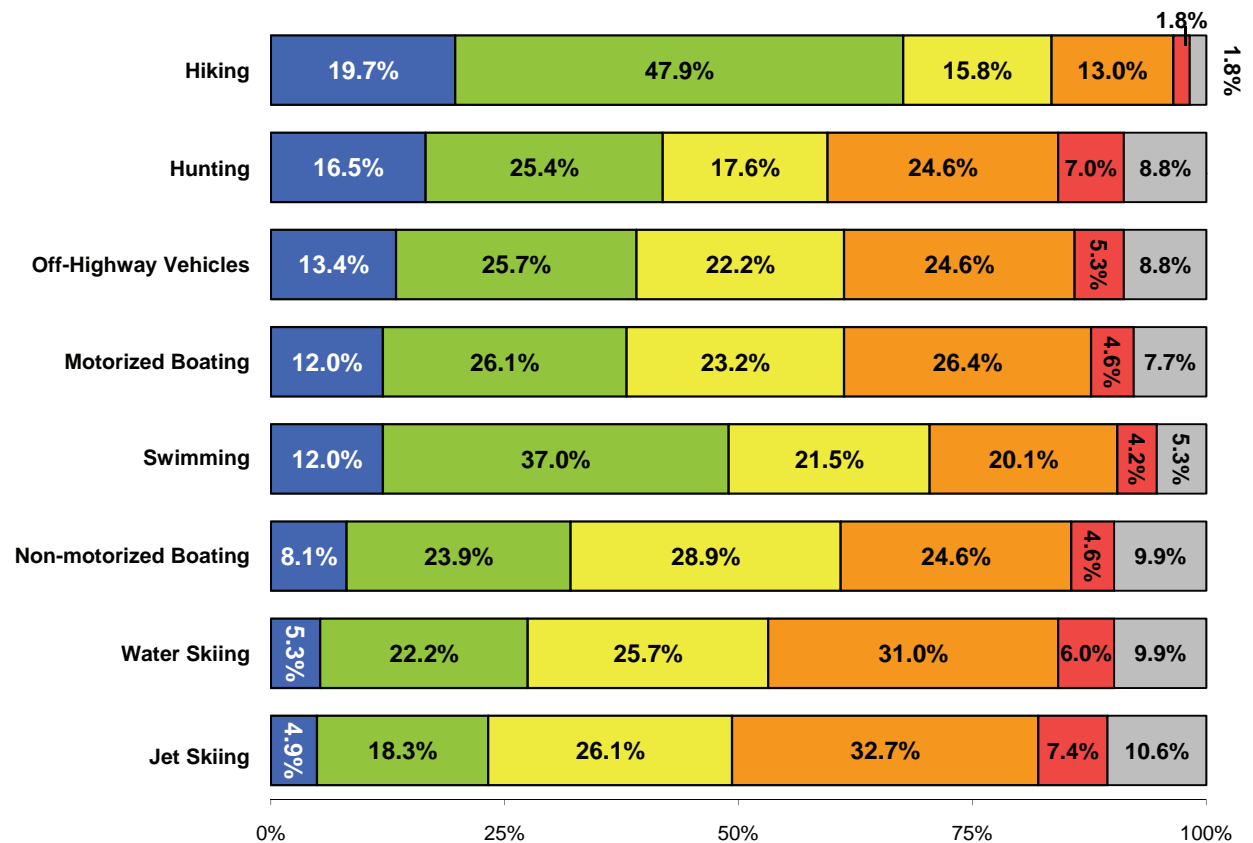

Detailed Findings

Importance of Recreational Opportunities: Bottom Half (Aware)

Q5A. Rate the following outdoor recreational opportunity on how important it is to you: [Results shown in descending order of % mentioning Very Important] (n=284)

- Very Important
- Important
- Neutral
- Unimportant
- Very Unimportant
- Not Applicable

Respondents who are aware of Loup Power District sites rate jet skiing as least important.

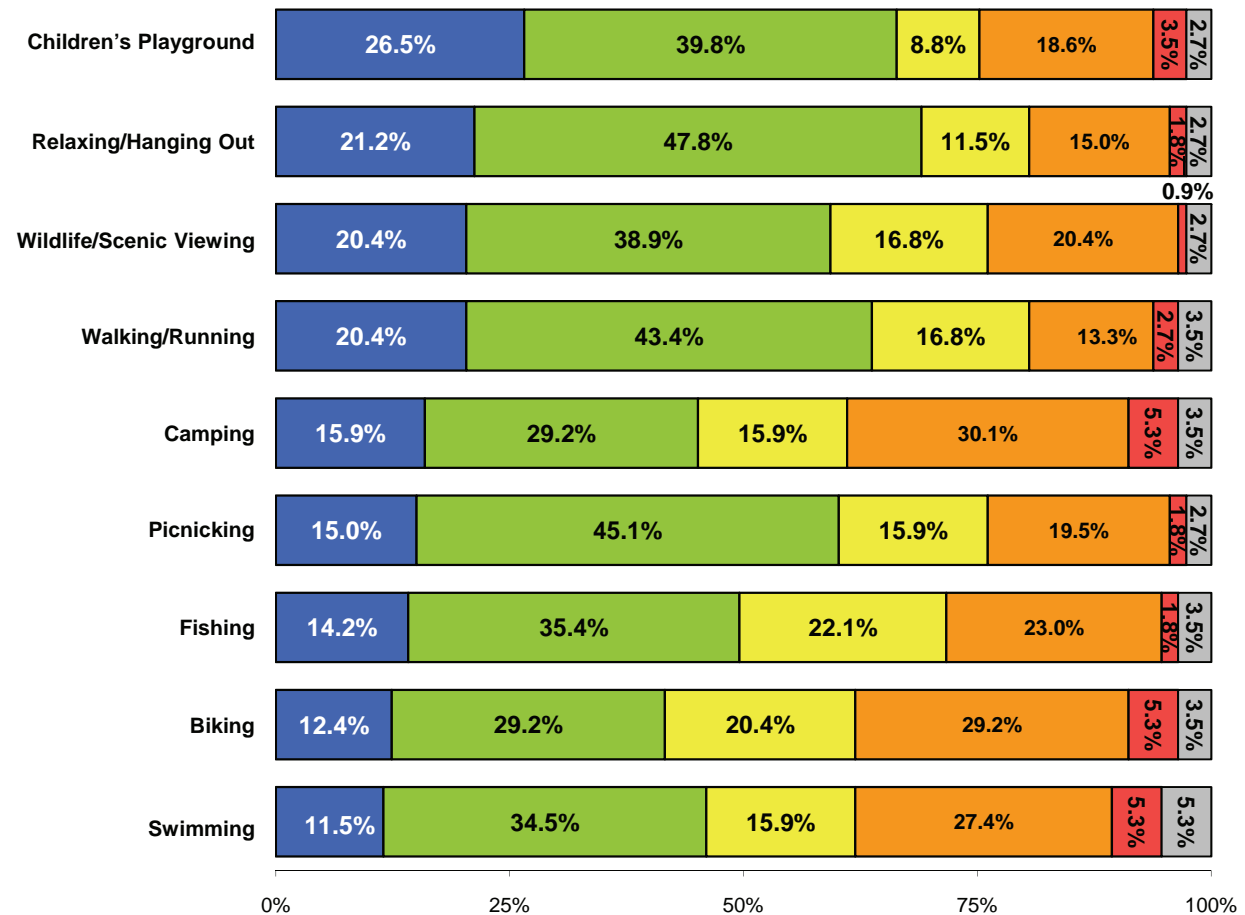

Detailed Findings

Importance of Recreational Opportunities: Top Half (*Not Aware*)

Q4B. Rate the following outdoor recreational opportunity on how important it is to you: [Results shown in descending order of % mentioning Very Important] (n=113)

- Very Important
- Important
- Neutral
- Unimportant
- Very Unimportant
- Not Applicable

When respondents who are NOT aware of Loup Power District sites are asked to rate the importance of recreational opportunities, children's playground is rated as most important.

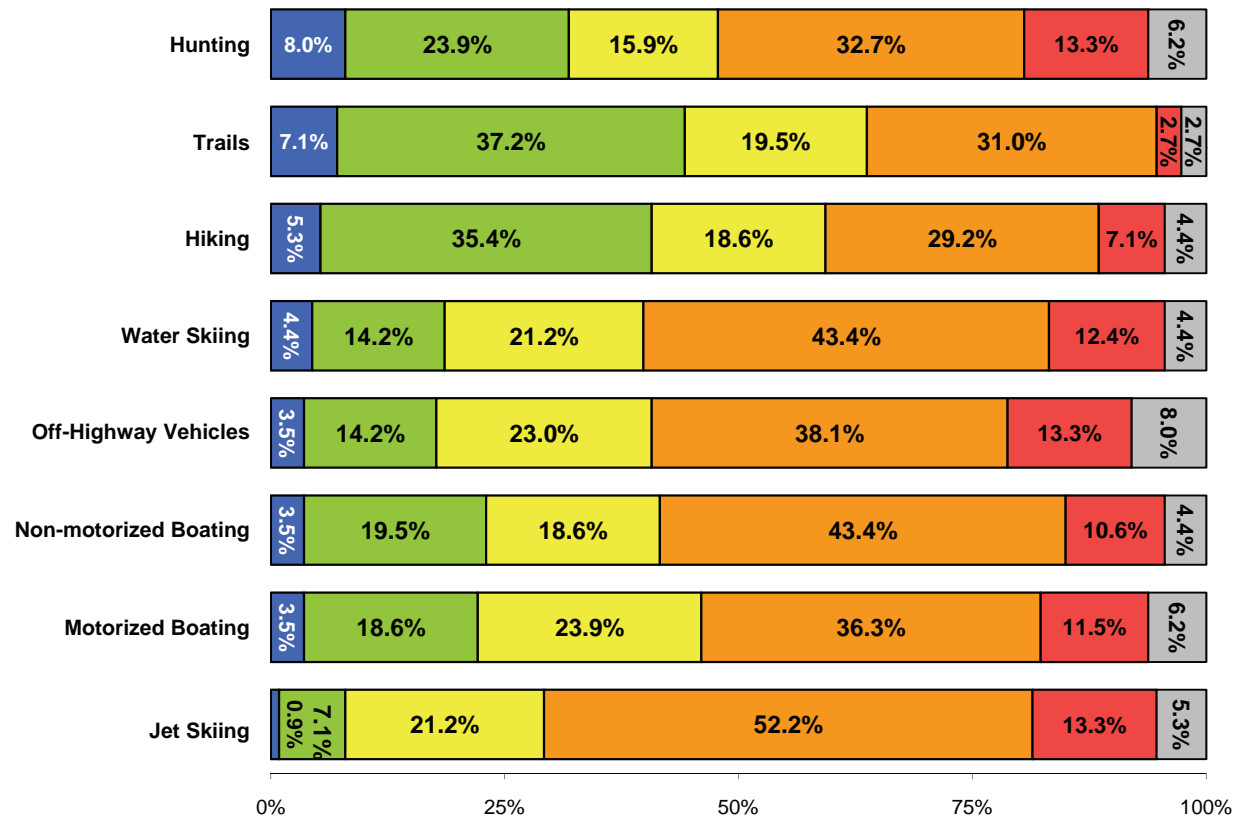

Detailed Findings

Importance of Recreational Opportunities: Bottom Half (*Not Aware*)

Q4B. Rate the following outdoor recreational opportunity on how important it is to you: [Results shown in descending order of % mentioning Very Important] (n=113)

- Very Important
- Important
- Neutral
- Unimportant
- Very Unimportant
- Not Applicable

Respondents who are NOT aware of Loup Power District sites also rate jet skiing as least important.

RECREATION USE TELEPHONE SURVEY VERBATIM RESPONSES

Loup River Public Power District
Recreation Site Survey
June 2010

Q3A. Why do you choose to use Loup Power District recreation sites?

SurveyID	Q3A "Other" Response
1526	A place to go and sit for a little while
5787	About all there is in town.
51	Because there available
5063	Because they are there and if we are driving by.
3134	Bike trail
1563	Biking or fishing
1141	Boating
565	Boy Scouts use it quite a bit.
1729	Camping and fishing.
3912	Camping, Lake
182	Clean and things for kids to do
187	Clean peaceful good facility for what I do appreciate the availability
1722	Clean, functional, they are enjoyable
3712	Convenient
821	Convenient, offer friends of mine free power if they bring a camper
2497	Easy to get to
468	Events being held there.
3434	Familiar with them
1674	Family orientated
3117	Fishing
827	Fishing
1445	Fishing
904	Fishing
3658	Fishing and camping
1088	Fishing is good
5237	Fishing, camping
703	For biking and walking
449	For boating on Lake North.
149	For Business
1745	For exercise.
5744	For fishing, camping, and swimming.
2587	Four Wheel Access
1421	Free
1548	Free electricity.
2781	Free time
1969	Friendly and considerate people
2917	Fun
5694	Good place for kids. It gets you closer to nature.
1486	Good place to park and boat.
2335	Good place to relax. Enjoy their outdoors.
1256	Got boat
1495	Grew up camping fishing swimming in them.
861	Grew up in area, they are nice areas
835	I enjoy them
2634	I have a friend who lives by Babcock park
2558	I just like it out there.
3648	I know of them, friends, family members
1855	I like it its nice
5115	In the area
2731	It's a nice little park
1261	It's attractive, head gates and tail race are good for fishing
3273	Keeps the kids busy.
985	Kids facilities with sand and fishing
1037	Like to camp at the Genoa and we like to swim and fish and go 4 wheeling.
2268	Like to play in the water
683	Meeting people
209	Mostly for the trails, Accessible for wheelchairs
1606	My husband worked there.
5100	Nice Camp Grounds
2948	Nice place nice people go there
1698	Nice place to have a good time.
5395	Nice places to fish and hang out. For picnics and walking the trails and hiking.
2786	Nice shady walk or bike ride.

Loup River Public Power District
 Recreation Site Survey
 June 2010

Q3A. Why do you choose to use Loup Power District recreation sites?

SurveyID	Q3A "Other" Response
792	Not a lot of choice in Columbus
1189	Outdoor activities, fishing
302	Outdoors.
181	Quiet and peaceful, shade
345	Relaxation and walking and biking, sometimes fishing, things like that.
1628	Riding Area at Headworks
2321	Running and Biking
1797	Scout Outings
2243	Sledding at Powerhouse Park
754	So its out of the way and there's not a lot of people.
2194	Strictly for fishing.
2547	Test boat out before going on bigger lake; and a son that goes fishing.
1607	That's what we have.
546	That's where I get my power
1648	The are available
1429	The fishing
1397	The kids enjoy
960	The kids wanted to go walk there and it was a good place to go walk.
1999	The right place to go.
1389	The trail is nice
2720	Their nice enjoy being near the water not a lot out there other wise.
4580	There nice looking.
174	They are nice
818	They're good places to stay.
4138	To relax
923	To see how it has improved and changed.
98	To visit the location
1678	Trails are nice. Driving around or walking around the lake.
4996	Use of the trails
896	Walking
939	Walking trail
1400	We enjoy it.
1153	We have to drive along the canal to get to some of our farmland
2128	We like Lake North
179	We like playing outdoors
5706	Well known
2900	Went there for the trails
3513	Wide trails, picnics, cooler by the lake
133	Wildlife wonderful area to walk
1117	Your son goes out there.

Loup River Public Power District
 Recreation Site Survey
 June 2010

Q4AA. Why did you indicate "Poor" for that recreation facility?

SurveyID	Facility	Q4AA Response
1572	Shoreline Fishing Area	Deep erosion. Along the shoreline. That I think is very dangerous.
994	Shoreline Fishing Area	I'm not good at catching fish
149	Swimming Beach	Haven't been there for 20 years
1338	Swimming Beach	I don't like the lake. It just seems dirty. Too abrupt. They put up those steel walls all the way around Lake North. You're in the water or you're on the beach but the beach is very small. That's why I said it was abrupt.
4502	Swimming Beach	It is made of gravel. There beaches tend to be dirty with a lot of trash. There is very little access where it is truly a beach.
2214	Swimming Beach	It's gravel, not a beach. It's small and made of gravel.
939	Swimming Beach	Just murky water and rocks and not safe.
5237	Swimming Beach	Not very appealing,
4580	Swimming Beach	See dead animals in the water(pigs and cows).
3382	Swimming Beach	The Lake North is not a very nice lake. I would not swim in it.
1607	Swimming Beach	The only really swimming beach is at Lake North, I truthfully would not put a dead dog in there.
1572	Swimming Beach	The water looks dirty. Sometimes it has some dead fish floating in it.
2982	Swimming Beach	There is no beach, its all rock
3450	Swimming Beach	There is no beach. No place for the kids to play because it just drops off. They took away the shoreline. It is a drop off. They can't go up to their knees in water because they will just drop off. It doesn't give you a beachy atmosphere. I am refering to Lake North.
2781	Swimming Beach	There just sand
5452	Swimming Beach	There's really no beach to it and there's better sandy beaches at Yankton, better playgrounds, better camping, better restrooms, better shower facilities. Yankton is better.
4297	Swimming Beach	There's usually a lot of trash, and it's not actually a beach. They don't have swimming where the beach is.
3658	Swimming Beach	They put a wall around the whole lake.
1037	Swimming Beach	Well right now I'm thinking about Lake North and its all gravel, mud, and clay. At the there is no swimming.
1070	Children's Playground	No play ground at the Lake North.
1548	Children's Playground	Playground is old. Not updated. They're still the playgrounds of thirty years ago, metal steel. Playground not up to date. Take care of the bug problem.
2879	Children's Playground	The equipment is old at the powerhouse park, and is not frequented.
2243	Off-Highway Vehicle Parking	There is none on any of the sites. You can't park on the highway, and the one at Babcock Park doesn't have enough parking spaces.
731	Restroom Facilities	I think they should have something that flushes.
3912	Restroom Facilities	It would be at Lake North. We camped out there last year and I literally had to bring my own hose from home and cleaning supplies before I'd let my kids go in there. People had used the bathroom on the floor. It was disgusting.
1070	Restroom Facilities	Some are better, some places have better ones.
465	Restroom Facilities	The cleanliness.
4702	Restroom Facilities	The smell and sometimes they are not very clean.
1037	Restroom Facilities	They are outhouses. There are no flushing toilets.
1797	Restroom Facilities	They're pretty nasty & they smell horrible. They need a good cleaning.
181	Restroom Facilities	They're stinky, people abuse them. They don't respect them, they make messes all over inside.
531	Restroom Facilities	Very smelly and not kept clean.

Loup River Public Power District
 Recreation Site Survey
 June 2010

Q4AB. Is there any specific location you would like to comment on?

SurveyID	Facility	Q4AB Response
1548	Children's Playground	The Lake Babcock or Loup Babcock Powerhouse. I think there could be more electrical outlets at Lake Babcock. Lake Babcock roads could be maintained more during the summer months, when it's open. I would think there would be more camping areas as well. Better bathroom conditions at Lake North Powerhouse and Babcock.
4702	Restroom Facilities	Lake Babcock
731	Restroom Facilities	The ones that are Lake North.
1037	Swimming Beach	Lake North
3382	Swimming Beach	Lake North because of the poor water conditions. I don't think it would be a safe place for my family to hang out because of the quality of the water.
4580	Swimming Beach	No, there both the same.
5237	Swimming Beach	Lake North, swam there as a kid but would not do it any more.
939	Swimming Beach	Lake North
1338	Swimming Beach	Lake North
4502	Swimming Beach	Lake North tends to be dirty and Tail Race is not safe because it is two rivers that come together and the water can rise quickly.

Loup River Public Power District
 Recreation Site Survey
 June 2010

Q6A. Identify any other activities or facilities that are currently not available that you would be interested in using and feel would enhance your recreation experience at Loup Power District sites.

SurveyID	Q6 Response
766	All along Tailrace, they have had noisy airboats that go up and down the Platte River. It ruins the experience at Tailrace Park because it disturbs the peace and quiet.
1351	ATVing
3176	Better bathrooms
4785	Better camp sites. More updated. A little nicer. Cement pads would be nice.
3434	Better picnic tables, better restrooms, better shelter for picnic areas, and better fishing with more fish.
177	Camper drainage facilities. Better grills, and more fishing places.
3311	Concessions
1349	Connecting the trail from the two lakes to the city.
2194	Electrical hook up at the camp grounds.
1674	Frisbee golf. Something to be put into the park as an extra thing, like kid's playgrounds, but more for adults.
2982	Golfing or a mini golf course, a winery, some kind of a reception hall of some kind. A community center or a nature museum. A natural habitat site where you can view things. Some type of areas that has insects and natural habitat.
531	Good lighting and cleanliness.
4502	Having a good clean beach. A sand beach with a true water entry would be wonderful. More trails that wine through wooded areas. Maybe connecting the trail systems that we have.
1158	Having a lake like Lake Babcock with more than 2 feet of water. Decent bass fishing.
1563	Having the game and parks commission go into some of the lakes. Try to enhance the game fishing in the lakes rather than just having catfish or carp, being the predominant fish in the lakes, maybe more sportsmen enhanced for fishing of maybe trophy fish. Weed out non-game fish and better the habitat for game fish.
1459	Horse riding trails
36	Hunting grounds
4870	I always thought that having a bird watching station with some identifying markers of different birds would be kind of neat with the built in magnifying glasses or something.
181	I don't know if it applies, but as far as enhancing, sometimes on the sidewalks we definitely appreciate the wide trails they've made, but sometimes there's sticks and debris on them. And I know they can't be out there everyday, just if those could be picked up some more.
923	I guess I would like to see more fishing opportunities for the kids and it seems like it is for older people and the kids usually are on the sides of the hills. There needs to be something to get the kids enthusiastic about.
345	I would like them to be connected to town. We have to put our bikes in our trunk and take them out there.
3450	I would like them to monitor how many days campers are at the same site because I think there is a 3 day limit but they will be there for weeks at a time unattended.
5349	I would like to see running water or shower facilities added.
3134	I would like to see the Trails Connect.
1949	I would say in the winter time facility for snow sledding.
677	I would think more campgrounds for stuff because they fill up very fast. More camper space.
1245	I'd like areas of the canal to be more accessible.
465	Improving the camping. I would like a little more remoteness of camping areas.
3303	Increase fishing capacity. Increase fishing habitat.
1747	It would be nice if they had a dump station at the camping facilities. If they could clean up the water, it would be a big thing. We won't let our kids swim at Lake North anymore. You can't swim at all in Lake Babcock because of the weeds and the nature of the lake. It can't be used for swimming or fishing.
133	Its very good just the way it is.
202	Lake Lawrence, I know the camping they have both electrical and sewer. That would be better.
840	Lake North sometimes is not real easy to get around if you have disabilities, like short of breath, and things like that.
1650	Maybe better fishing access to Lake Babcock.
3658	Monroe Powerhouse is filled with concrete. They should have steps. There is a wall that you can stand on that you cant get to it anymore.
2818	More bike trails
2824	More camping sites
320	More camping, and head working.
985	More campsites
1429	More cleaning tables for cleaning your fish.
1397	More electrical hook up for campers.
2470	More hunting areas; more wildlife things like hunting or fishing.
2900	More nature viewing.
5548	More picnic tables and more playground equipment.
1248	More playground areas around Lake North "& Lake Babcock.
1137	More sand on beach instead of gravel
5037	More swimming
818	More tables that have roofs over them.
2007	No activities

Loup River Public Power District
 Recreation Site Survey
 June 2010

Q6A. Identify any other activities or facilities that are currently not available that you would be interested in using and feel would enhance your recreation experience at Loup Power District sites.

SurveyID	Q6 Response
3744	No activities
3433	No activities or facilities
317	Not really, there's nothing.
1495	Pavilions, and upkeep of bathrooms,
31	Picnicking, playgrounds
3177	Restrooms with running water and a shower.
3039	RV/ 4 Wheelers able to have those around
214	Sand Volleyball Court if they had it up at Lake North if they had some shade up there.
1513	Shelters for bird watching, especially the eagles. Like the Sandhill Cranes. They will know what I'm talking about. In Grand Island and Kearney, there are sites where you can get close to the cranes, but the cranes cannot see you. There are no cranes in the Loop area, but there are eagles and ducks and muskrats.
1244	Shower houses.
4702	Showers, Drinking Fountains
904	Some of the sites need to be better maintained as far as the roads, landscaping, and facilities.
3201	Stocking the fish.
5510	Tailrace could be kept cleaner, maybe but up no littering signs.
3117	Take Lake Babcock and fill it in more and add more campgrounds so people can fish. Right now no one can fish there because of all the people swimming and boating.
1021	Tennis and sand volleyball court.
1648	Tennis courts
2558	The areas can be a little trashy.
1607	The only thing we really need is decent swimming.
1083	The trail is not all paved. There is a part of the trail that is not. That would be nice to be finished. The community of Columbus does recognize Loup's contribution to the city.
1486	The waterways are old and they don't want much traffic on them. They use their facilities as well as they can.
960	I suppose if the kids toys were updated and not falling apart. The restrooms were clean and had toilet paper that would be an improvement.
3513	Update the restrooms
837	Upgrading the restrooms. Actually water there would be very beneficial.
827	Use of them in the winter. To take an ATV out on Lake North when ice fishing.
552	We need better fishing things like docks and better access on the shore line for fishing.
994	Wintertime camping

Loup River Public Power District
Recreation Site Survey
June 2010

Q3B. Why have you or members of your household not used Loup Power District recreation sites in the last year?

SurveyID	Q3B "Other" Response
205	Age and husband passed away.
1299	Age getting too old for it
1493	Age not able too.
2771	Babcock Park is all weeds. It needs to be cleaned out. We used to visit all the time, but now we do not. Some of the Hispanic gang members have taken over Tailrace Park, so we do not visit there either.
364	I am older
850	I live alone and I'm elderly
730	Because I'm a senior.
3626	Didn't have enough time
738	Do not drive out of town
657	Don't care to camp and we don't fish, swim or boat.
1272	Don't go out to areas like that, don't have a boat
1093	Don't have the opportunity to get out.
1360	Don't have the recreation vehicles that would be used.
141	Getting too old to use them.
613	Have not had time.
638	Haven't gotten around to it.
1231	Haven't thought of it
385	Husband has been sick.
357	I am getting too old.
905	I am old and don't do that any more.
447	I am too old. I cannot go to those parks anymore.
349	I don't that any more. I'm 92 you know.
1599	I guess because we are senior citizens. We don't go out much.
17	I guess we just have other things to do.
616	Illness for me, sports - the events aren't held there.
1366	I'm 80 years old. I can't stand the heat in the summer and the cold in the winter.
1523	I'm 85 so I don't go to parks that often. I don't drive anymore, so I don't know where to get there.
1452	I'm 90 percent handicapped.
249	I'm disabled
975	It's too much walking for us right now.
839	Just haven't been out camping or parking or anything.
1413	My wife teaches school and we have a camper on Lake Sherman.
416	Never really got around to it.
501	No interest we have a cabin that we go to.
611	No occasion
912	No opportunity
870	No reason to.
50	Not aware of what they have to offer.
3545	Not interested
2951	Not much in to water
1023	Not the kind of recreation that we do.
1226	Older and can't
621	Over 80 years old, no children here
1131	Personal preference; besides recreation we don't take time to recreation.
881	Prefer others lakes.
172	Too busy. Children don't live in town, so we go out of town to see them.
1578	Too old
1264	Too old
1227	Too old
119	Too old and can't get out anymore
541	Too old, and don't do things like that. We use to years ago, but not any more.
1238	Too old.
588	We live on a lake. We have no need to visit anywhere.
1241	We are not water people
1277	We are now 82 & 78
1659	We farm
190	We go further away for any kind of vacation.
1766	We have a lot on a lake and use our own lake
1505	We have a park that's close to our house. We usually go there.
955	We just don't use it, we don't camp or anything, so we just don't use it.
1229	We live on a lake
1403	We really don't go to the parks anymore it is to difficult for us

Loup River Public Power District
Recreation Site Survey
June 2010

Q3B. Why have you or members of your household not used Loup Power District recreation sites in the last year?

SurveyID	Q3B "Other" Response
1283	Well, I'm handicapped. I'm 89 years old.
830	We've been golfing, we don't go out that way.

Loup River Public Power District
Recreation Site Survey
June 2010

Q3C. Where do you currently participate in outdoor recreation activities?

SurveyID	Q3C Response
107	At eighty years old, I don't do much outdoor recreational activities, I really don't outside of walking every day. We walk around our town, about a mile and a half.
1301	In town
708	Just around town.

Loup River Public Power District
Recreation Site Survey
June 2010

Q4C. Why do you choose this/these locations for your recreation activities?

SurveyID	Q4C Response
1301	Closest to our house
708	I walk, my son skates, and it's just easier for me to do it around town.
107	It's where we live.
